Wisconsin City Finds Motor Driven Fire Truck Economical-Some Repair Hints.

in service five months, during which time it has answered thirty-nine alarms and made as many more trips on inspection runs. The total cost of upkeep for the five months, including asoline, oil and water. is \$6.85, or \$1.37 per month. The chief says that it has previously cost the city \$1.25 a day to feed, shoe, bed and doctor the single pair of horses which the fire truck replaced. In this case the cost of maintaining the horse drawn out-

Municipal authorities in every section of the country are busy gathering information as to the probable cost of maintenance of motor driven fire and ambulance apparatus. All agree that the borse drawn apparatus can cover only about one-third the area of the motor driven apparatus, and evidence is coming in every day to show that the motor driven service cars are much cheaper to maintain than itores.

Troubles due to a poor spark result from badly adjusted or pitted coal contacts are of platinum, and these should be trimined with a smooth file, so that their surfaces are negled so that the contacts concide exactly. Care must be taken in handling the blade that it is not bent, and the screw should be acrewed home until it just bears on the hlade. The less in service five months, during which time it has answered thirty-anies.

One expert gives the following advice about the treatment and repair of accumulators: The should always be charged at alow rate, and should be kept fully charged. The top of the accumulator should be kept clean, and for this purpose it should be periodically put under the water tap. The terminals should be kept oiled or vascelined, which prevents their corrosion.

AN ADVANCE IN PRICES

Market Strongly Resisted Pressure of the Bear Influences.

New York, April 25.—Prices advanced on the stock exchange today despite the fact that the pressure which has been directed against stocks in the last few days was not relaxed. The market displayed strong powers of resistance and, after a period of weakness which followed the opening, rallied and held firm. Fluctuations were significant only of the temper of professional opup almost the entire market.

Activity and strength of the copper shares during the last two days and reports of hinge sales of the metal were followed today by the statement that one of the largest agencies had reduced its selling price of copper from 12 1-2 cents to 12 1-4. It is understood that large sales were made at the lower rate. Consumers who for several months have been buying only for immediate requirements are believed to have allowed their stock to reach a low point, and a better inquiry is expected. Exports of copper this month are reported as having been larger so far than was expected. Accumulation of the copper stocks at advancing prices continued today. Amalgamated Copper gained a point and American Smelting 1-2.

High grade bonds continued in good demand. The new city 4 1-4's touched another high record, and other issues of the best class were especially

strong.

The bond market was firm. Total sales, par value, \$3.189,000. United. States bonds unchanged on call.

TOMMY HENDRICK WINS TWO-MILE RACE AT YALE Norwich Boy Gives Promise of Star Work on the Track,

Another Norwich boy and Free Academy graduate steps into the ath-letic limelight by Tommy Hendrick, who is in the freshman class at Yale Sheff, winning the two-mile race on Saturday in the Yale spring track

THOMAS K. HENDRICK, N. F. A. '09, Yale '148.

meet. Tommy ran in the clever time of 19 min. 12 2-5 sec., and the Yale News of April 24 gives him credit for running an exceptionally good race.

This time and race place Hendrick among the real runners that Norwich has produced ans gives a chance to link his name with two other Norwich men, Ed McMahon and John D. Nolan. In 1883, Ed McMahon of Norwich was defeated by a scant two yards by the famous E. C. Carter in 9 min. 58 sec. in New York city. This was then the fastest two-mile amateur record. And on August 25, 1891, John TOMMY DENDRICK WINS

McClelland of Pittsburg for the two-mile championship of America, at Wilkes-Barre, Pa., in 5 min. 52 2-5 sec., 2t that timp the fastest professional time, Hendrick bids fair to

LONGBOAT EAGER

TO RACE DE MAR. Indian Would Run the Man Who Breke His Marathon Record.

Tom Longboat, the ndian Marathon champion and former holder of the B. A. A. Marathon record, challenges Clarence De Mar, the present champion and record holder, to a contest over the Ashland to Boston course.

The Onondaga redskin, through his manager, Sol Mintz, has announced that in spite of the Boston champion's world's record performance of 2 hours 21 minutes 33 3-5 seconds over the Ashland to Boston course. Longboat was fully competent to defeat the new champion and put up new figures for the route.

The prospects, however, of Longboat

the route.

The prospects, however, of Longboat and De Mar meting over the Univorn corse is very silm. Longboat is a professional runner, while De Mar is an amateur. The A. A. U. rules strictly forbid the meeting of a registered amateur against a money chaster. De Mar has signified his intention of soll remaining in the amateur ranks until after the Swedish Dlympic games in Stockholm, next year, but Canadian athletic followers are doing their utmost to have the Boston champion turn "pro" before that date and meet Longboat in such a contest.

Practice Season Is On. The Academy plays its second practice game of the season this afternoon when it meets the Centrals. It will also be the second practice game for the Centrals, who played in Moosup two weeks ago and only lost in an extra-inning game by a small score.
